

# Payment Processing Training Module

Prepared by: Kamaldeep Singh

a.p.i. ALARM INC.

# 1. Logging into Sedona Office

After logging into **Sedona Office**, the home page will appear as shown below.

# 2. Accessing Customer Information

Double Click on **Client Management**. Then Click on **Customer Explorer**. A new window will open.

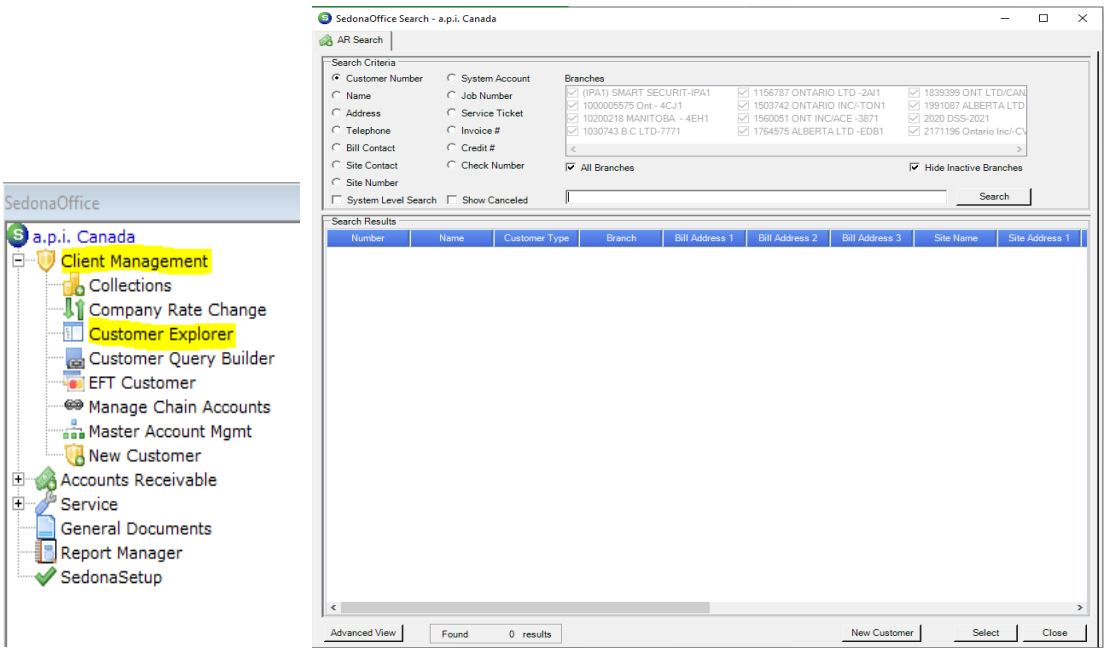

To locate a customer:

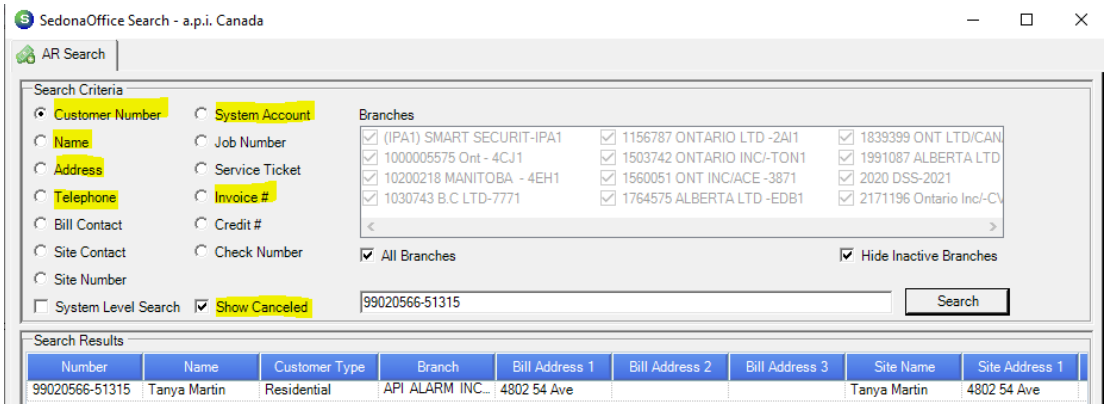

- Check the box for **Customer Number**.

- Enter customer no. and click **Search** (located to the left of the search bar).

- Alternatively, you can search using **the Customer's Name, Address, Telephone Number, System Account, and Invoice Number.**

- To view cancelled accounts, enable the **'Show Cancelled'** option.

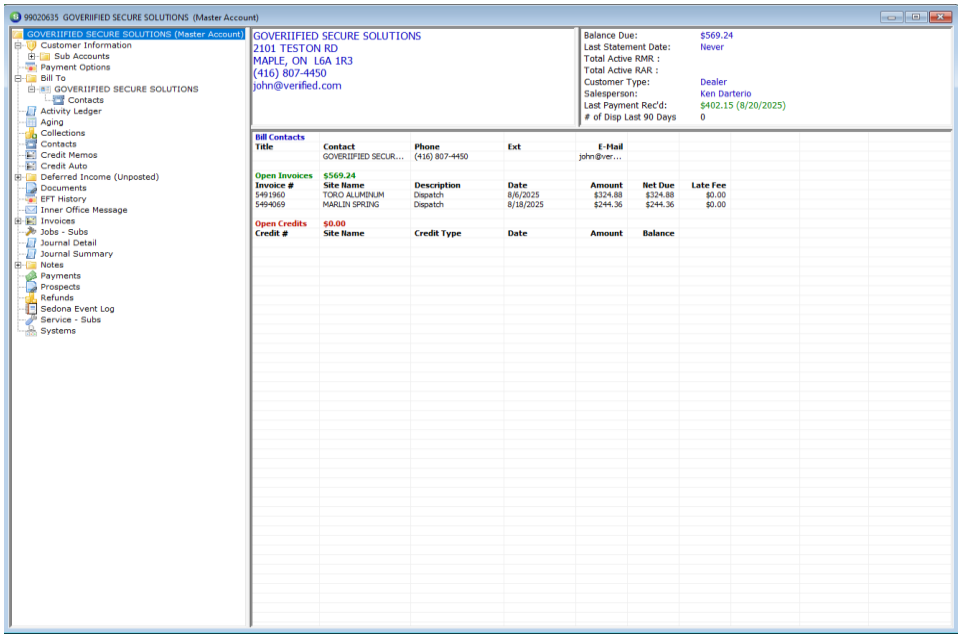

## 3. Reviewing Customer Account

Once the correct account is selected, the customer's account home screen will display (on the top):

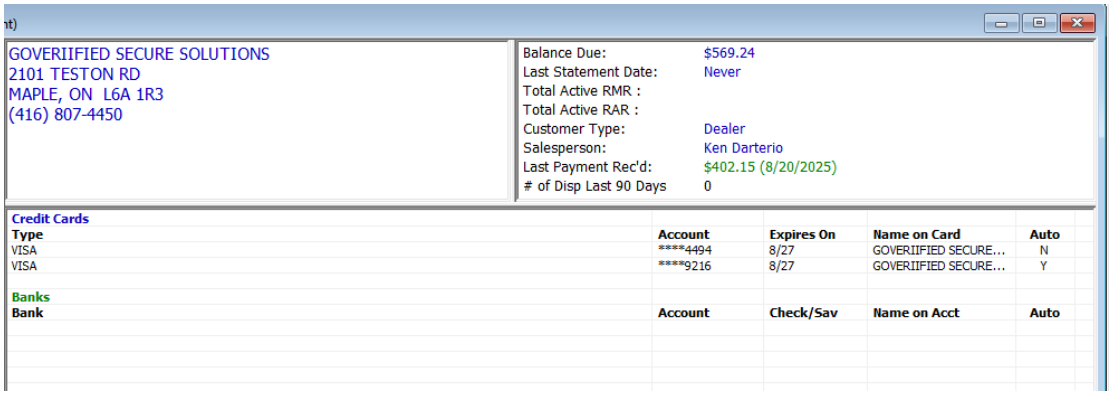

- **Customer name**
- **Phone number**
- **Address**
- **Email**
- **Outstanding balance/ Open Invoices**
- **Available credits (if any)**

# 4. Managing Payment Methods

## A. Verify Existing Payment Method

Ensure that a valid payment method (**Credit Card or Bank Account**) is available for the customer.

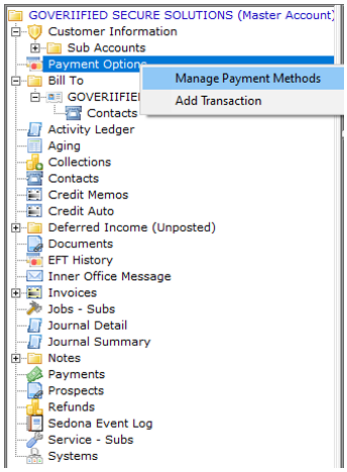

## B. Navigate Payment Options

Go to the **Payment Options** tab.

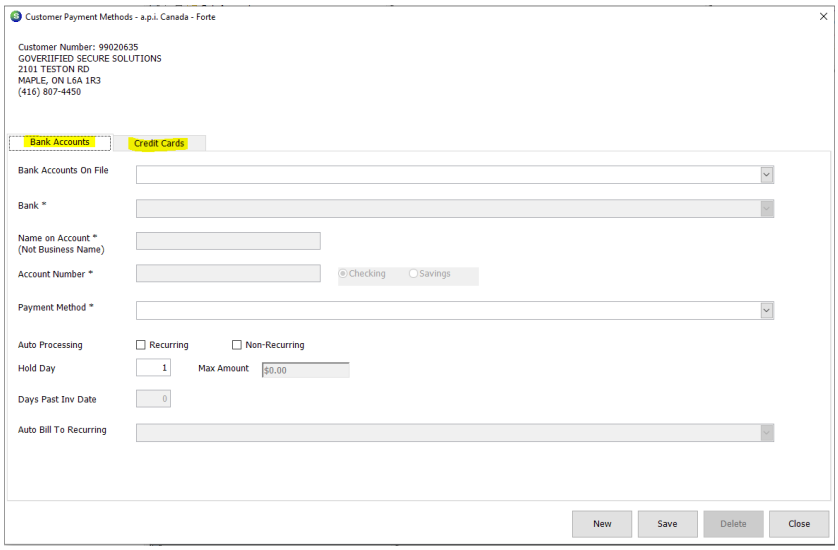

## C. Manage Payment Methods

If the payment method is expired or missing, right-click and select **Manage Payment Methods.**

## D. Add a Bank Account or Credit Card

- To add a bank account, click **bank account**, click **New**, then enter the **Routing Number and Account Number**.
- To add a **credit card**, click **Credit Cards**, click **New**, then enter **Credit Card** details.

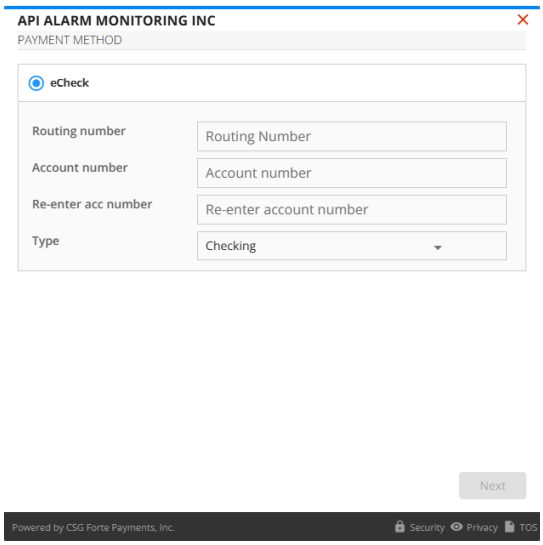

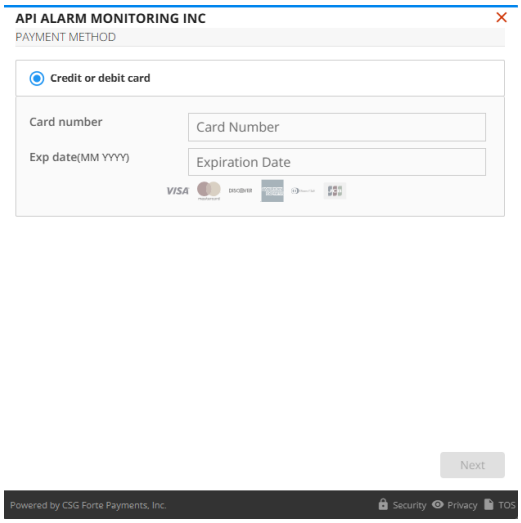

## E. Specify Account Type

Indicate whether the account is Checking or Savings (only in bank accounts)

## F. Confirm Details

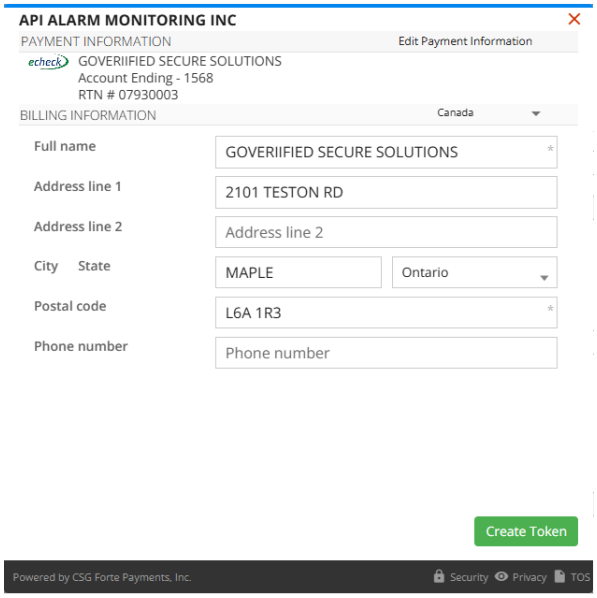

After entering the correct information, click Next.

## G. Verify Billing Information

Confirm the customer's billing details and click Create Token.

## H. Select Payment Method

When adding a payment method, choose **EFT** for bank accounts and **VISA/MasterCard/Amex** for credit cards.

### I. Set Up Autopayment (Pre-Authorized Payment - PAP)

Ask the customer if they would like to enable Autopayment (PAP) for the selected payment method.

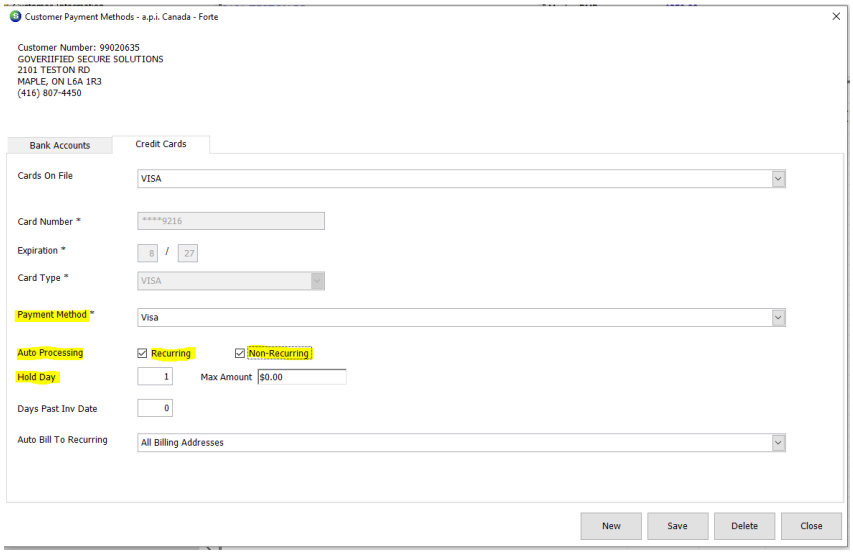

- If **yes**, check both the **Recurring and Non-Recurring boxes**. This indicates that future payments will be automatically deducted from the specified bank account or credit card.
- If **no**, leave these boxes unchecked. Simply click **Save**, then **Close** (bottom right).

### J. Set Hold Day

If the customer requests a specific withdrawal date, enter it in the **Hold Day** field. (Default is 1st of every month)

### K. Save Changes

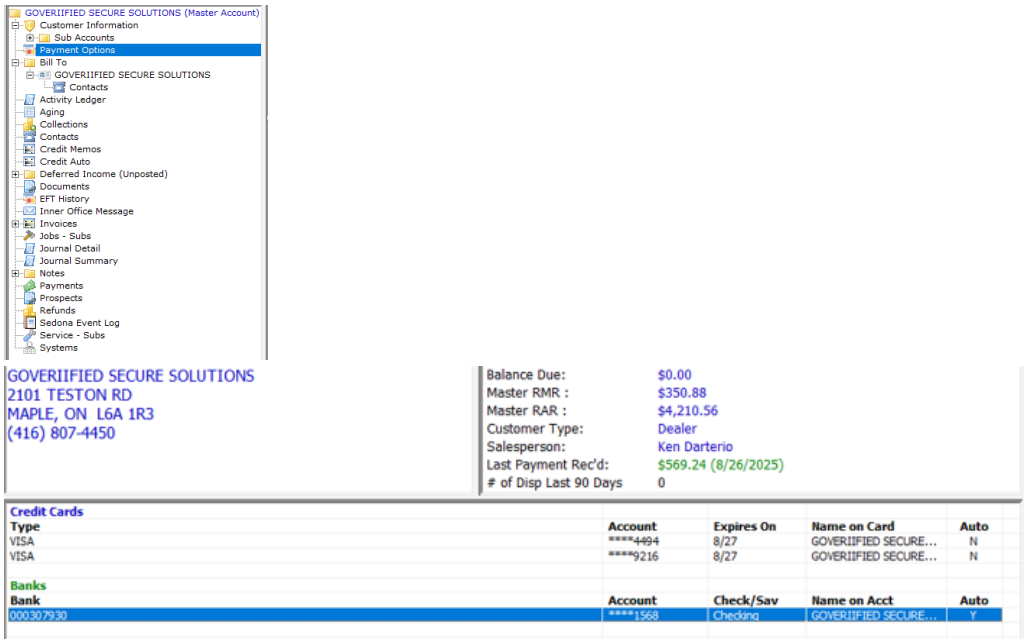

Click **Save** and then **Close** to complete the setup.

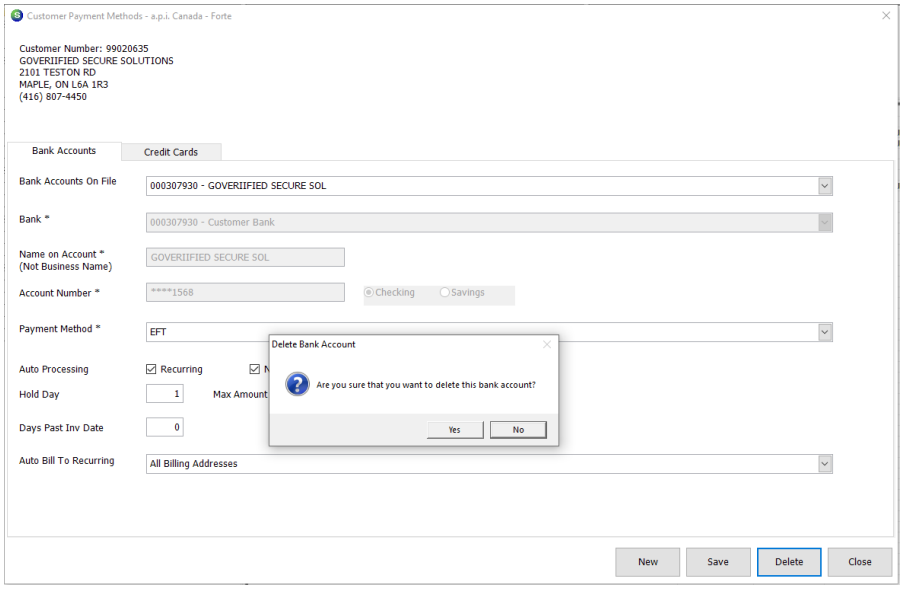

## 5. Deleting Expired/ Not in Use Payment Method

### To delete a payment method,

- Navigate to the **Payment Options** section and select the desired method.
- Double-click to open its details, then click **Delete** at the bottom right.
- Confirm by clicking Yes and close the tab to complete the process.

# 6. Viewing Invoices

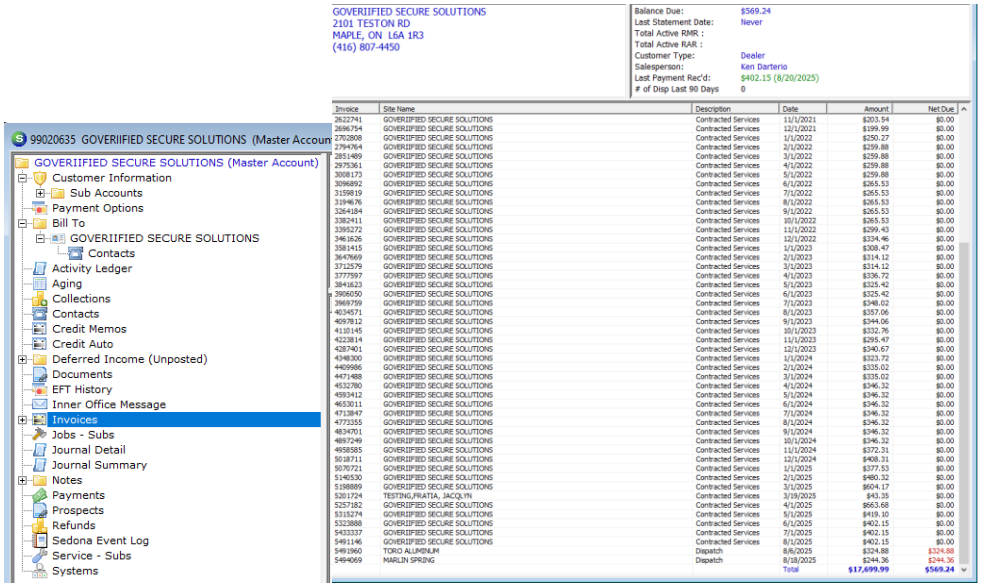

Go to the **Invoices** section in Sedona Office.

You will see all invoices generated to date.

- No highlighted invoices indicate payments already made.

- Red-highlighted invoices indicate outstanding payments.

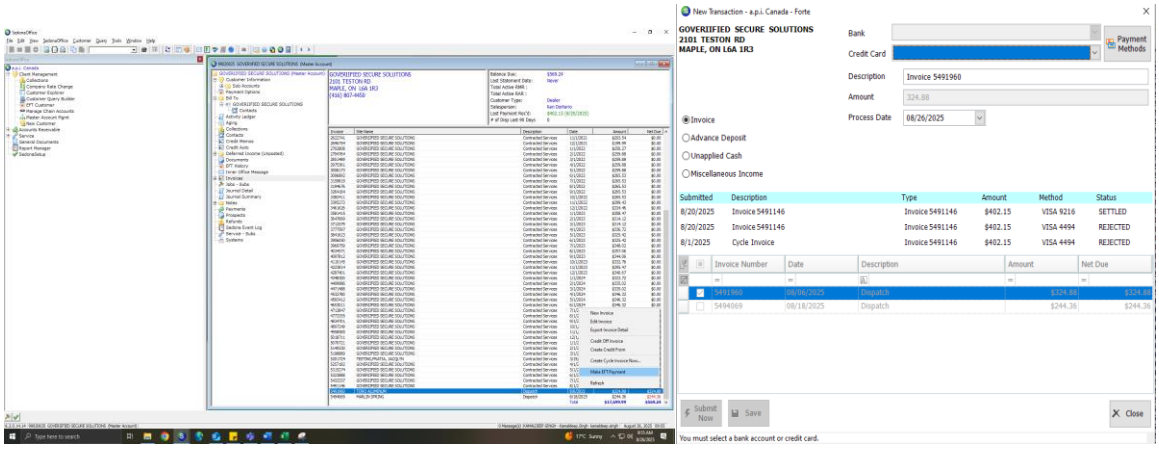

- Green highlighted invoices indicate credits or cancellations by A.P.I. Alarm Inc.

# 7. Processing Payments

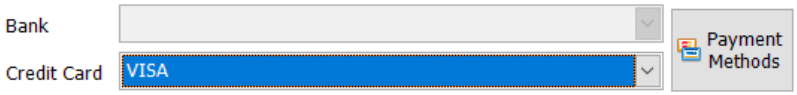

## A. **To process a payment**:

- Right-click on any outstanding invoice (highlighted in red).
- Select **Make EFT Payment**.
- A new tab will open.

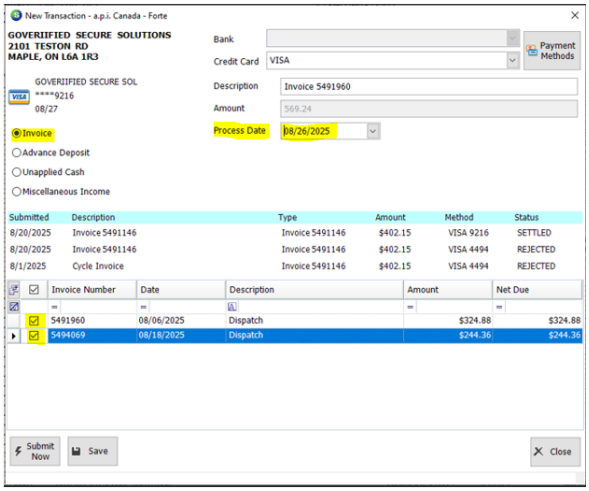

## B. Selecting Payment Method

- Choose the valid payment method as requested by the customer (**Credit Card or Bank Account**).
- If multiple payment methods are available, use the drop-down menu to select the appropriate one. Always confirm with the customer which payment method they prefer before processing the transaction.

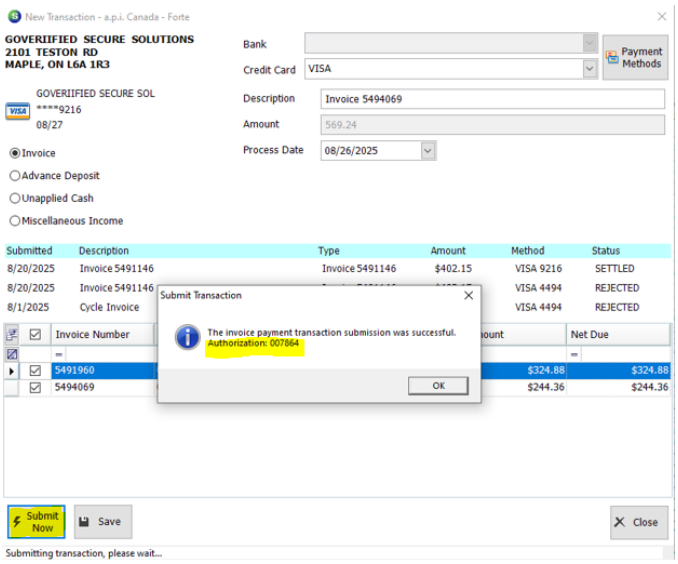

## C. Selecting Invoices for Payment

- Select the outstanding invoice(s) to be paid.
- If multiple invoices are listed, confirm with the customer how much they wish to pay.
- Ensure the **Process date** is set to today. If not, use the drop-down arrow to select the current date.

## D. Submitting Payment

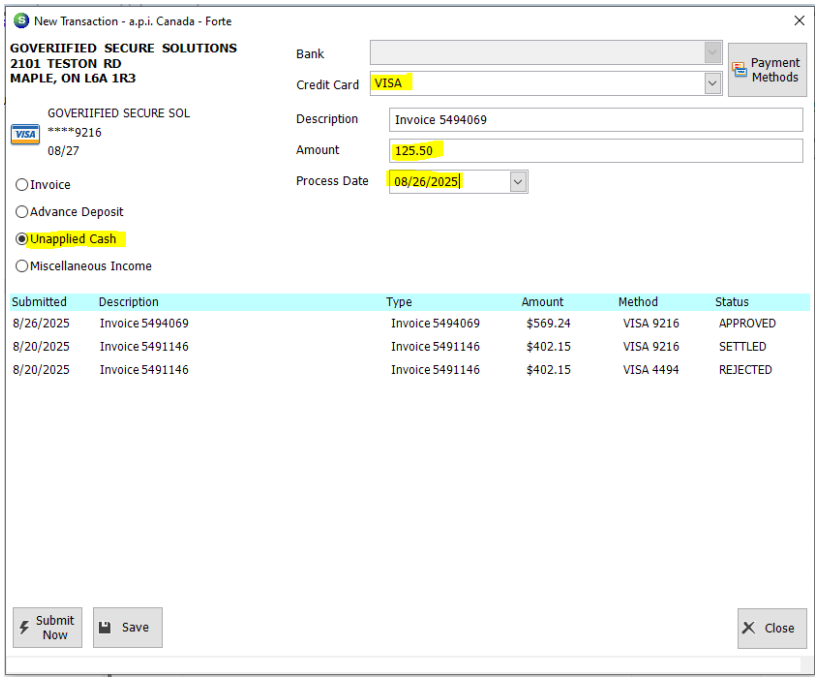

- After selecting the invoices and payment method, click **Submit** (bottom left).
- A Successful **Authorization Number** will appear, confirming the payment was approved.

# 8. Applying Unapplied Cash

### To apply partial payments:

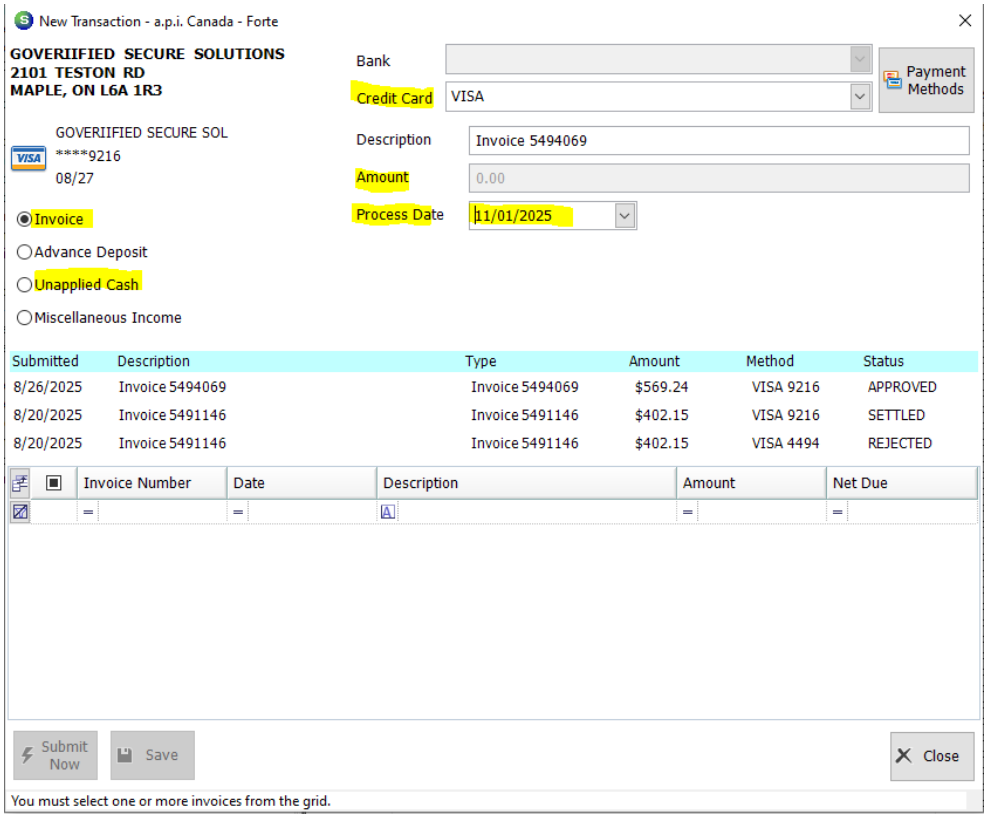

- Follow the same steps as processing a payment.
- In the final window, select **'Unapplied Cash'** instead of invoices.
- Enter the **Amount** specified by the customer.
- Confirm the **Process Date** and click **Submit**.

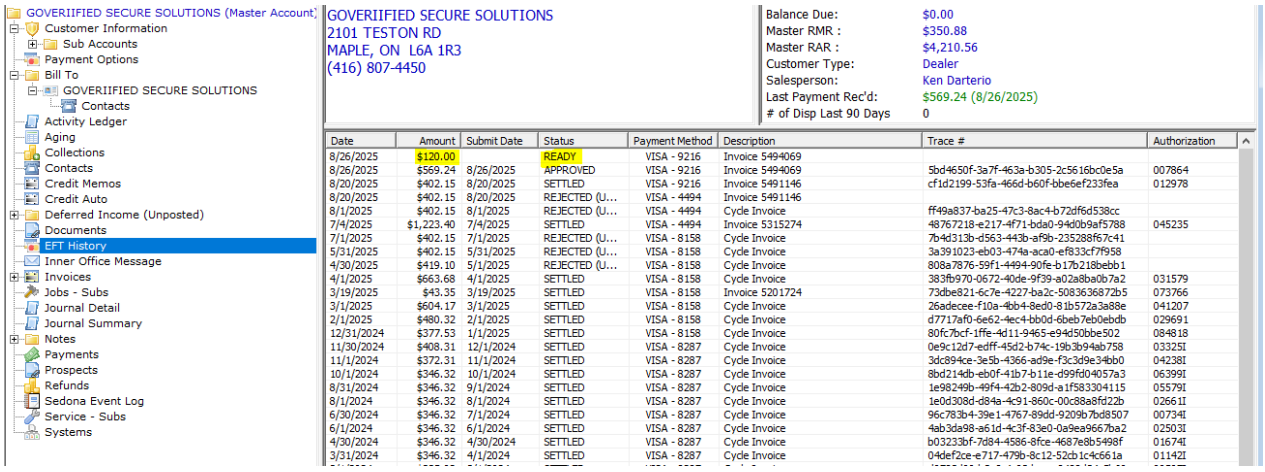

# 9. Scheduling Payments

## To schedule future payments or set up payment agreements:

- Follow the same steps as processing a payment.
- Select **Payment method** and **Invoice(s)** or **Unapplied Cash.**
- Enter the Amount and select the future **Process Date**.
- Click **Save.**
- To confirm, go to **EFT History tab** and check for '**READY**' status.

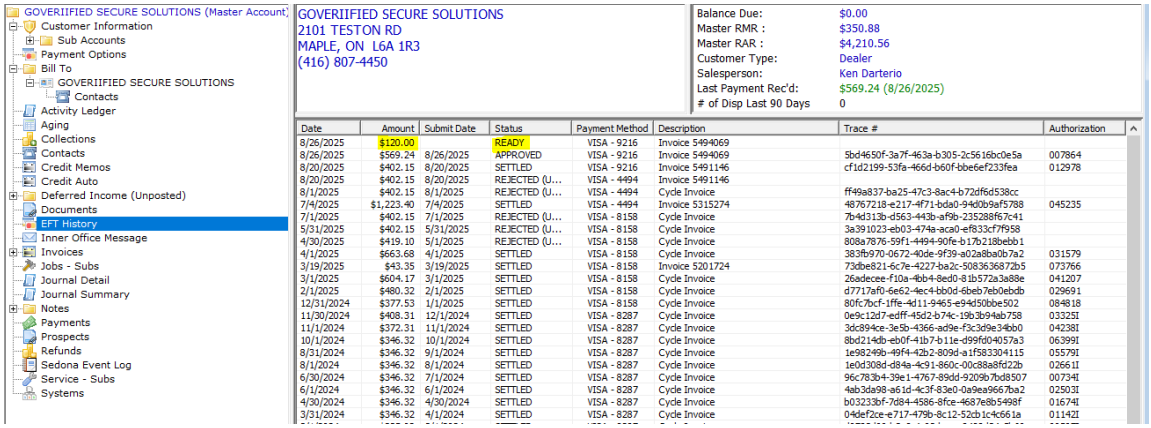

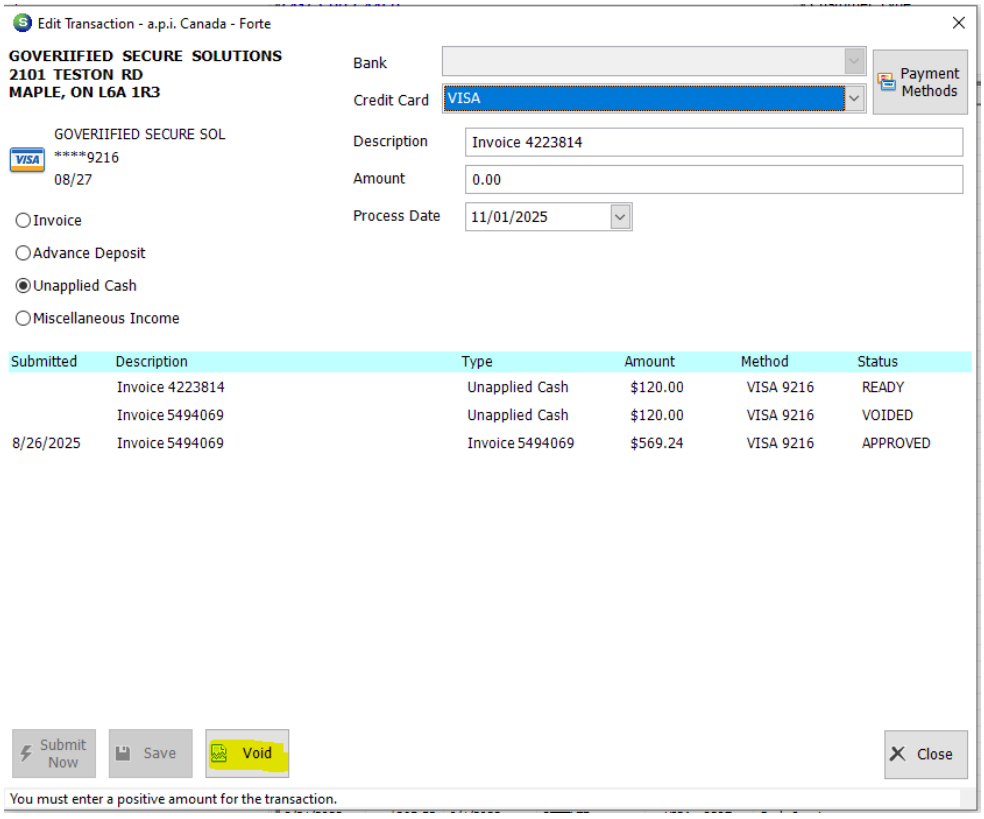

# 10. Voiding Payments

**To void or cancel a transaction**:

- Go to **EFT History tab**.
- Double-click the transaction to be voided.
- Click '**Void**'.

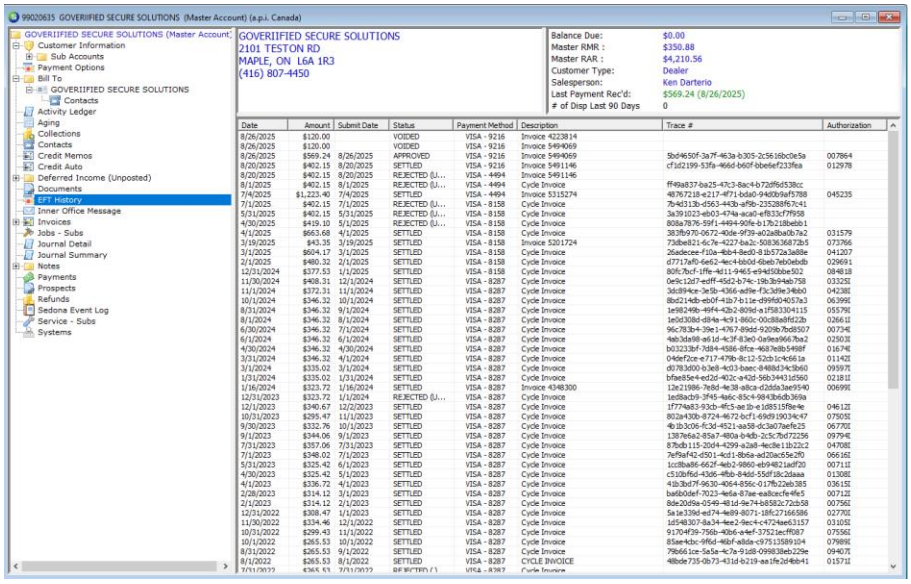

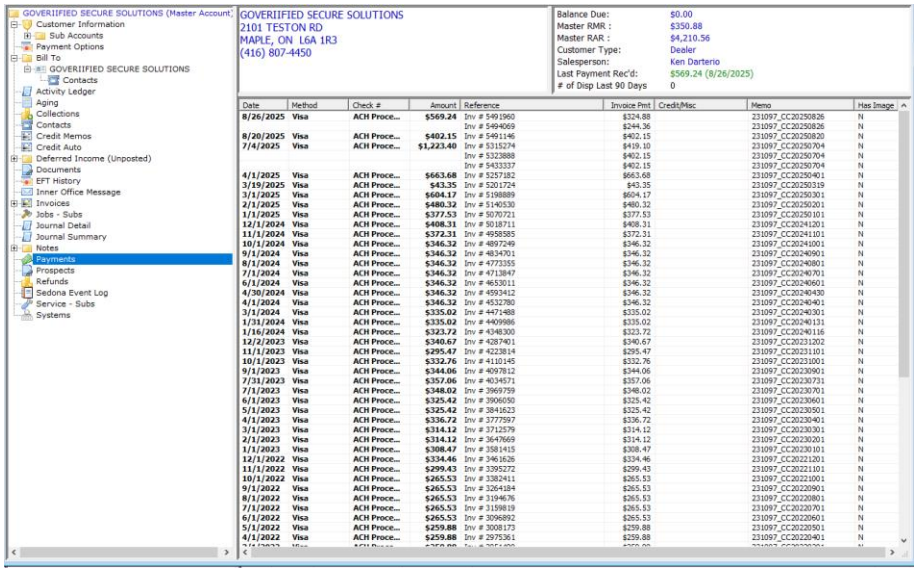

# 11. Checking Payment History

## To view all payment history:

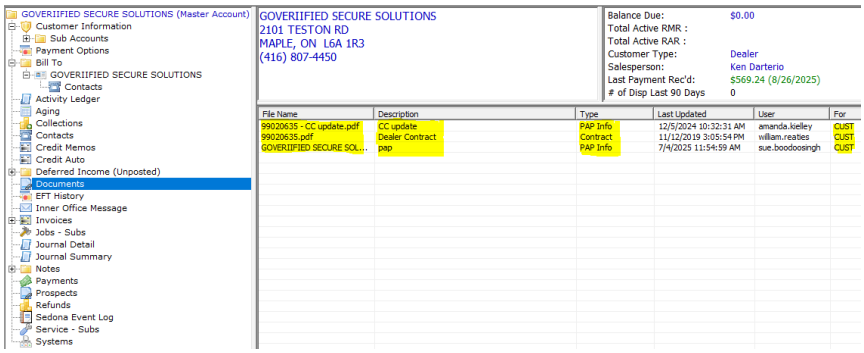

- Go to **EFT History tab** or **Payments tab**.

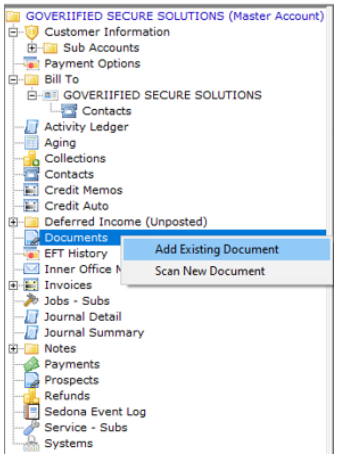

## 12. Review or Add Customers' Documents

To view any customer-related documents—such as contracts, notices of contract, death certificates, PAP forms, or service updates—navigate to the Documents tab in Sedona. All available documents can be accessed from this section.

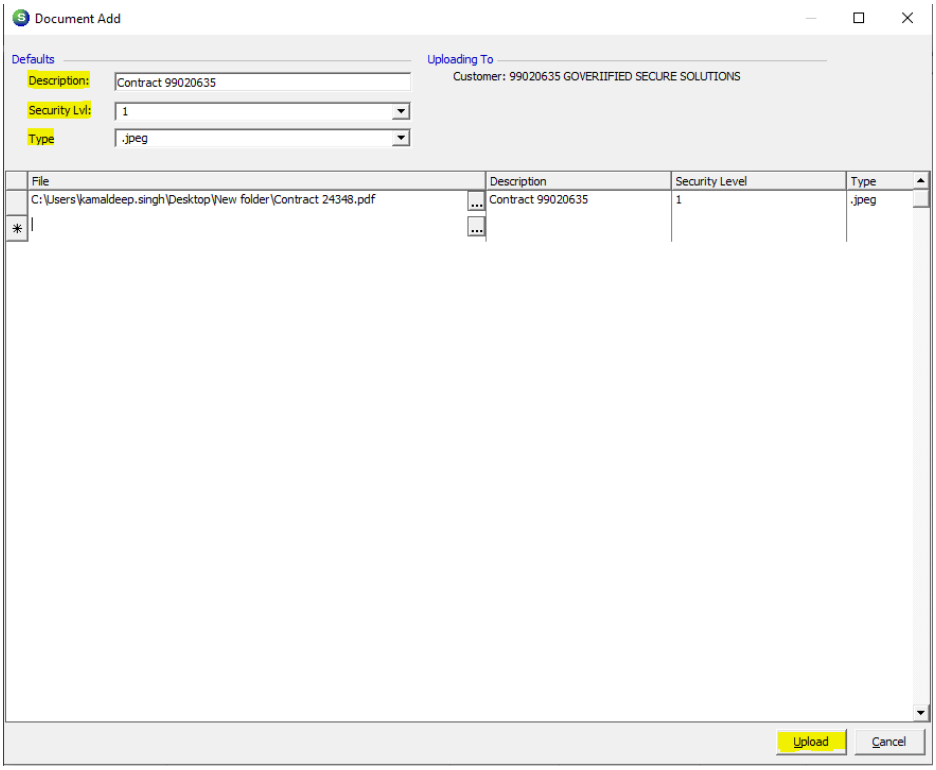

### To add a new document:

- Go to the **Documents tab**, right-click, and select Add Existing Document.

- A new window will open. Enter a **description** of the document (e.g., Contract, NOC, PAP).
- Choose the appropriate **security level** (default is Level 1; use the dropdown arrow for special instructions).
- Select the document type (e.g., .jpg, .pdf, .png).
- Click  to open your file explorer, then select the document you wish to upload.
- Finally, click **Upload** at the bottom right to complete the process.

# 13. Adding Notes

### To add a note:

- Go to the **Notes tab.**
- Right-click and select '**Add Note**'.
- Example: 'Customer made a payment of $569.'
